**New Customer Texting Signup Form**  
**877.734.9292**

Wow! You're Not Going To Believe This.

**Now Your Landlines Can Receive & Send Text Messages... Really!**

People assume they can text to any number. But, Your Landlines and Toll Free Numbers don't accept text messages.

That's why you and your staff are forced to give out your cell numbers.

Stop Missing Calls. Stop Losing Business.

**Make All Your Phone Numbers "Text Friendly".  
No Changes to Your Phone Service...Guaranteed.**

- Reply like any other text
- Replies show your landline or toll free number
- Forward texts as easily as forwarding an email
- Save texts in your email
- Stop giving out your personal cell number
- Now your staff can text to each other's direct office numbers

Put "Call or Text" Next to Your Business Phone Number and Stop Losing Business

**Adding Texting to Your Landlines and Toll Free Numbers Is Easy and Risk Free.

Save Money & Lock In Low Rates. Pay 10 Months and Get 2 Months Free!

Don't believe we can do it?

Try it!

## **FAQ's:**

Can I add texting to OUR office numbers or only numbers we get from Segway?

Yes. We can add texting to any US or Canadian landline or toll free number. (Not cell phone numbers. They already have texting.)

Do I have to buy any equipment or hardware?

No.

Do I have to download any software or apps to make this work?

No.

Do my customers have to do anything different to text to my landlines or toll free numbers?

No.

I don't want to change my phone service or carrier.

You won't. We don't touch your phone service or carrier.

Ok. If I don't have to buy any equipment or download any software or apps and you're not touching my phone service, how does it work?

When someone sends a text to your landline or toll free number, our computers grab the text before it dies as undeliverable, convert it to an email and email it to your email address.

You reply like any other email.

Our computers take your reply, convert it back to a text and deliver it back to the Sender as a regular text.

Your reply shows it came from your landline or toll free number.

Do I have to sign a long term contract?

Nope. Month to month, with only a two month minimum and you still get your First Month Free!

Once I signup, how long will it take to start working?

Typically, only a couple of hours. It has to spread through the many texting networks.

Can you text enable numbers outside the US and Canada?

Yes. We have phone numbers in 176 countries. Currently, we can text enable numbers in 19 countries and we're adding more as fast as we can.

How come I haven't heard about this before?

It's new. We spent a lot of time and money to bring this new technology to you.

How do I get started?

Easy. Just fill out the form below and email or fax it back to us at [texting@SegwayCommunications.com](mailto:texting@SegwayCommunications.com) or by fax to 310.859.2226.

## Landline and Toll Free Number Texting

### 1. Receiving Texts Only.

Most of our subscribers do not text from their landline or toll free number. They want to give their customers a fast and easy way to send text messages to them, without having to call their business. And, they don't want to miss any texts that someone might send to them, not realizing that their text will not be delivered.

All we need to add incoming only texting to **any** US or Canadian landline or toll free phone number is:

Your Company Name or Your Name: \_\_\_\_\_

Billing Address: \_\_\_\_\_

Billing City, State and Zip: \_\_\_\_\_

Add Texting to This Phone Number \_\_\_\_\_

Deliver Texts to this Email Address \_\_\_\_\_

What Number Should We Call to Get Your Billing Information? \_\_\_\_\_

Who Should We Ask For? \_\_\_\_\_

**STOP! That's All We Need.**

**Please return this form or send your questions by email to [Sales@SegwayCommunications.com](mailto:Sales@SegwayCommunications.com) or by fax 310.829.2226.**

We'll turn it on right away. Give it a few hours to work through all of the many texting networks.

**Call us if you need help or have questions. 877.734.9292**

## The Special monthly rate is only \$8.95 (Regular \$11.95mo).

Includes 200 incoming SMS texts per month; 1 penny per text over 200. All MMS texts are 5 cents each. No free MMS texts are included. MMS texts are longer than regular SMS texts or contain: images, videos, audio, emojis, website links, and GIFs. Plus a few pennies in applicable taxes and recovery fees. Annual subscription also includes 200 free incoming SMS texts per month. Additional texts, if any, are billed monthly.

With this Special, you get your first month free and we're waiving the \$15 installation.

## 2. Receiving AND Sending Texts.

In order to send texts and reply to texts to your landline or toll free number, we must register your texting service with the telephone carriers, or they will not accept the texts that you send.

Please fill out this Registration Form completely. A company hired by the phone companies will verify the information. This is their effort to reduce spam texting.

### **Landline & Toll Free Receiving & Sending Texts Registration (All fields are Required)**

The Special monthly rate to both send and receive texts is only \$11.95  
(Regular \$14.95).

Includes 200 free incoming SMS texts per month; 1 penny per text over 200. All MMS texts are 5 cents each. No free MMS texts are included. MMS texts are longer than regular SMS texts or contain: images, videos, audio, emojis, website links, and GIFs. Plus a few pennies in applicable taxes and recovery fees. Annual subscription also includes 200 incoming SMS texts per month. Additional texts, if any, are billed monthly.

With this Special, you get your first month free and we're waiving the \$25 installation.

Note: Please provide complete and accurate information. If the phone companies are not able to verify the information you provide, they will cancel your text Sending ability and they will not refund the installation charge we paid for you or the 3 months of monthly services charges we had to prepay, so we will add those charges to your account.
